STACK CEO to Present on the State of the New York Data Center Sector at DCD>New York

[STACK INFRASTRUCTURE](#), the data center company built from the ground up to address the technology infrastructure needs of rapidly scaling enterprises and hyperscale companies, announces today that its Chief Executive Officer, Brian Cox, will participate in a panel discussion at [DCD>New York](#) on April 9-10, 2019 in New York City.

On Tuesday, April 9, 2019 Mr. Cox will take part in the “[Plenary Star Panel: Altered States - How is New York Responding to the Northern Virginia Effect?](#)” This panel will discuss how New York’s data center sector is responding to its rapidly growing neighbor, northern Virginia, the No. 1 market in the US. The panel will also discuss expectations and resources for an increasingly competitive enterprise data center solutions market. Mr. Cox’s insights will focus on Northern Virginia, the location of STACK’s [NVA01](#), 180,000 square foot, 18 MW data center facility, currently deploying its [POWER STACK™](#) and [READY STACK™](#) solutions.

PANEL: “*Plenary Star Panel: Altered States - How is New York Responding to the Northern Virginia Effect?*”

WHEN: Tuesday, April 9 at 9:50 AM

WHERE: New York Marriott Marquis
1535 Broadway
New York, New York 10036

PANELISTS: Brian Cox, CEO, [Stack Infrastructure](#)
Buddy Rizer, Executive Director, [Loudoun County Department of Economic Development](#)
Robert Meyers, SVP - Data Center Group, [CBRE](#)
Thomas Brown, President and CEO, [DataGryd](#)

About STACK INFRASTRUCTURE

STACK is a leading data center company built from the ground up to address the full stack of its clients' critical infrastructure needs, today and into the future. The Company delivers a comprehensive suite of wholesale colocation, build-to-suit, and powered shell solutions in six markets today: Atlanta, Georgia; Chicago, Illinois; Dallas/Fort Worth, Texas; Northern Virginia; Portland, Oregon; and Silicon Valley, California. With unparalleled existing and flexible expansion capacity in the leading availability zones, STACK provides the scale and geographic reach that rapidly growing enterprises and hyperscale companies need.
