

STACK INFRASTRUCTURE Announces Appointment of New Chief Revenue Officer

Ty Miller to Spearhead Aggressive Growth Strategy and Customer-led Sales Approach

SAN JOSE, CA – September 24, 2018 – STACK INFRASTRUCTURE (“STACK” or the “Company”), the data center company built from the ground up to address the technology infrastructure needs of rapidly scaling enterprises and hyperscale businesses, announced today the appointment of veteran data center sales executive Ty Miller as Chief Revenue Officer. In this newly created role, Mr. Miller will lead STACK’s sales team in the execution of the Company’s growth strategy, as well as oversee all customer relationship management and strategic partnership efforts.

“Ty’s understanding of the complex needs of hyperscale and enterprise deployments tightly aligns with STACK’s focus on being a trusted technology partner,” said Phil Koen, interim Chief Executive Officer and a member of STACK’s board of directors. “We are excited to have a leader with his strategic and commercial experience on board to support our strategy of delivering an unmatched customer experience.”

A recognized industry leader, Mr. Miller has closed more than \$1 billion in data center contracts throughout his 25-year career. Prior to joining STACK, he served as Vice President of Global Accounts, Vice President of Sales for the West and Central Regions, and interim Vice President of Sales Operations for Digital Realty Trust. Mr. Miller also previously held executive positions at Hosting.com, Telecom Asset Management, and Switch and Data.

“STACK’s successful, customer-focused approach and flexibility have set a great foundation for scalability,” said Mr. Miller. “I look forward to working closely with the Company’s talented sales team to build upon the momentum they have established as we drive further growth in new and existing markets.”
