SALUTING THE HEROES WHO PROTECT OUR COASTS AND OUR CABLES

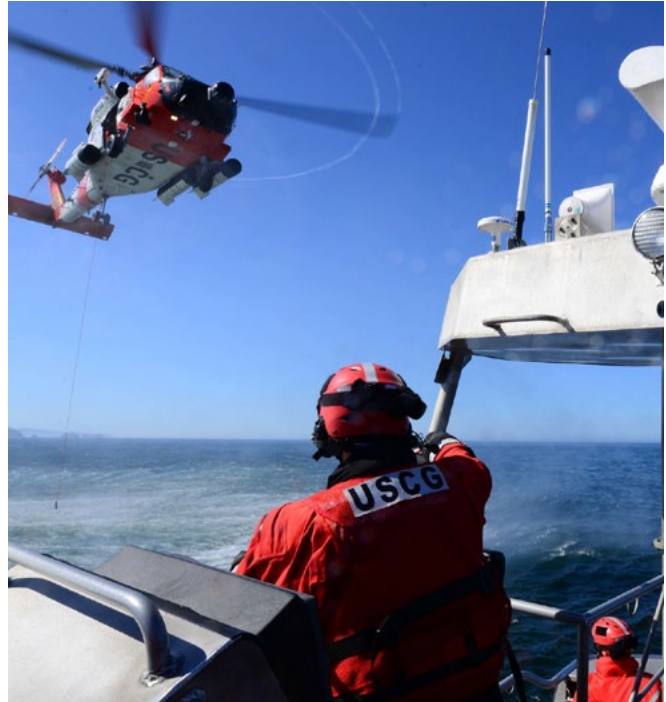

Sponsor the Heroes of the Sea Salmon Derby with STACK and salute the men and women patrolling our coasts and protecting Oregon's trans-Pacific subsea cables.

This year's event supports the Pacific Northwest Chief Warrant Officer's Association (CWOA). Through your generosity, they can continue many of the valuable services they perform for the Coast Guard, including,

Advocacy: The CWOA is one of only two Coast Guard-based associations represented by the The Military Coalition, a group of 35 military, veterans, and uniformed services organizations representing the interests of the entire uniformed services community, including members' families and survivors.

Educational Assistance: The CWOA provides several paths for educational and career development for members and their families.

Legal Assistance: The CWOA supports its members with legal guidance whenever it can.

In addition, sponsors will also take advantage of several benefits at each level of commitment, including:

Promotional Opportunities: Use the Salmon Derby to get in front of STACK's most valued network and leaders.

Salmon Derby Luxuries: We'll handle everything in the background while you focus on having a great time.

Personal Access: Receive introductions to STACK's executive ecosystem.
